LEED Credits

At this time CCN has it's Forest Stewardship Council Certification so we can offer FSC certified core, veneers and solid wood. Certified materials qualify for LEEDS MR 7. Products need to be quoted with these materials to determine the actual costs.

CCN in Compliance for Additional LEED Credits: *

- **Materials & Resources 5.1 & 5.2**
Regional Materials depending on the project location relative to Geneva, NY.
- **Materials & Resources 4.1 & 4.2**
Recycled content (our core materials consist of 100% pre-consumer recycled wood) No upcharge.
- **Environmental Quality 4.4**
Low Emitting Materials, Composite Wood (Formaldehyde free core materials) available at an up charge.

* CCN is in the process of receiving third party certification to verify these listed credits.
